Yonsei University (Study Abroad Program)

Chapel Hill, NC
Graduated: May 9, 2026
September 2025 – December 2025

TECHNICAL PROJECTS

MarTech Pipeline & Audience Personalization Engines

Lead Developer & Product Manager (AI-Assisted Workflow)

- Marketing Automation Engine: Architected an interactive data pipeline simulation featuring real-time lead routing, automated data cleansing, and AI-driven intent scoring to optimize business speed-to-lead response times.
- First-Party Data Preference Center: Designed a visual consumer privacy and data compliance framework demonstrating user-state management and high-trust preference capture to prepare for cookie-less ad tracking.
- Dynamic Personalization Sandbox: Developed a responsive audience-segmentation component utilizing conditional rendering to instantly pivot visual branding and copy layouts based on distinct target customer personas.

EXPERIENCE

House of Hur

Marketing Intern

Seoul, South Korea
August 2025 – October 2025

- Led the end-to-end influencer campaign workflow (sourcing, contracting, briefs, content review, tracking) for multiple product pushes, coordinating creators across time zones.
- Built a Modash + Sheets tracker to manage creator status, contracts, shipping, and posting deadlines; reduced duplicate outreach and made campaign status visible to stakeholders.
- Drafted standardized creator briefs and review checklists that aligned content to product claims and brand voice, minimizing back-and-forth with legal and creative.
- Negotiated paid and gifting terms with micro-influencers (up to 100K followers), building long-term relationships through targeted email campaigns.
- Planned, filmed, and published TikTok assets for product launches; partnered with content teams to test hooks/CTAs and documented learnings for future campaigns.

Bilin Technology

Sales and Marketing Associate Intern

Remote
December 2023 – June 2024

- Executed data-driven paid media strategies targeting B2B audiences, helping generate and nurture 200+ qualified leads through targeted digital outreach.
- Managed end-to-end B2B marketing campaigns in HubSpot, configuring lead scoring, data segmentation, and automated email nurture workflows.
- Implemented A/B testing on ad creative and landing pages, optimizing Cost Per Lead (CPL) by 18% over a three-month testing cycle.
- Tracked media budgets of \$15K+, reconciled invoices with agency partners, and maintained cross-functional media schedules.
- Generated weekly marketing analytics reports in Excel, providing actionable insights on CTR and CPA to senior leadership to directly influence strategy adjustments.

LEADERSHIP & PROFESSIONAL DEVELOPMENT

Korean American Student Association

Vice President/Outreach Chair/Photographer

Chapel Hill, NC
August 2023 – May 2025

- Managed a \$2K ad budget and executed paid social strategy, monitoring daily performance metrics and adjusting targeting to maintain a CPA 20% below benchmark.
- Led a cross-functional team of 8 to execute signature events, coordinating production timelines, vendor invoicing, and media asset schedules.
- Managed the organization's content calendar across Instagram, TikTok, and YouTube, increasing video views by 80% and overall audience engagement by 60%.
